

PLANNING MEETING

CALLING ALL VOLUNTEERS!

DATE: Tuesday, August 18

TIME: 9:00 AM

PURPOSE:

Recently, the Lancaster City Schools decided all learning would take place virtually this fall. In an effort to help the kids in our neighborhood, St. John's is putting together a program that is focused on providing academic and social support to students from Fulton Elementary school. We have the vision and the compassion now we need to put the plan together. Our hope is to launch a program two days a week where students can gather safely on our campus for assistance with homework and social support. If you are interested in helping us create this next opportunity for our kids, please join us for a brainstorming meeting in the Parish Hall. Please email equilla@stjohns-lancaster.org if you plan to attend.

Masks will be required and socially distancing will be enforced.
